IF YOU HAVE MORE THAN ONE PET BOARDING: WOULD YOU LIKE TO BOARD THEM TOGETHER \_\_\_\_\_ OR SEPERATELY \_\_\_\_\_ (DOGS WITH DOGS AND CATS WITH CATS ONLY)

In order to protect your pet and our other patients we require all animals in the hospital to be CURRENT on DISTEMPER and RABIES vaccines and have a negative FECAL within the past year. If your pet is not up to date on these procedures they will be updated during your pet's stay. These procedures are at an additional cost.

All pets are checked for fleas upon admission. If fleas are seen on your pet, he/she will be treated while in the hospital. These treatments are at an additional cost.

To minimize digestive tract upset, we recommend bringing your pet's regular food. For animals on prescription diets, we request you bring the food. Additional charges will apply if we need to provide a prescription diet.

PLEASE READ Our DOG WALKING PROTOCOL closely to determine how you feel we can best provide your pet with a comfortable, safe experience while boarding at our hospital.

Hanging Rock Animal Hospital has a spacious back yard for our patient's enjoyment. It is enclosed with a 6 foot fence. The fencing goes to the ground surface, not into the ground. Our fence does not have a lid or lip. With our proximity to the interstate, our hospital policy is to walk all animals in the yard on a leash. Under some circumstances and per pet owner request, we can allow your pet "off leash access" to our yard. If a patient is allowed off leash they will still be attended at all times by one of our team members. Please initial your preference below:

( ) I would like my dog walked on a leash at all times.

( ) I would like my dog to have attended "off leash access" to the dog yard. I understand that by choosing this option there are inherent risks (however small) due to the proximity to Interstate 81. I also ensure, to the best of my knowledge, my pet does not dig under nor climb or jump over fences.

CONTACT INFORMATION:

In case of emergency please contact me at \_\_\_\_\_. If you cannot reach me I authorize the following person to make medical decisions for my pet.

\_\_\_\_\_  
Authorized emergency contact name      Phone Number

If my pet becomes ill during his/her stay at Hanging Rock Animal Hospital, the hospital will try to reach the owner and Authorized Emergency Contact before providing any medical treatments. In the event that neither the owner nor Authorized Emergency Contact person can be reached, I hereby authorize HRAH to do the following:

Perform diagnostic tests and treatments deemed medically necessary to restore health.

Do no tests or treat except those deemed medically necessary to treat a life-threatening illness.
